

Painted Flower hexagon

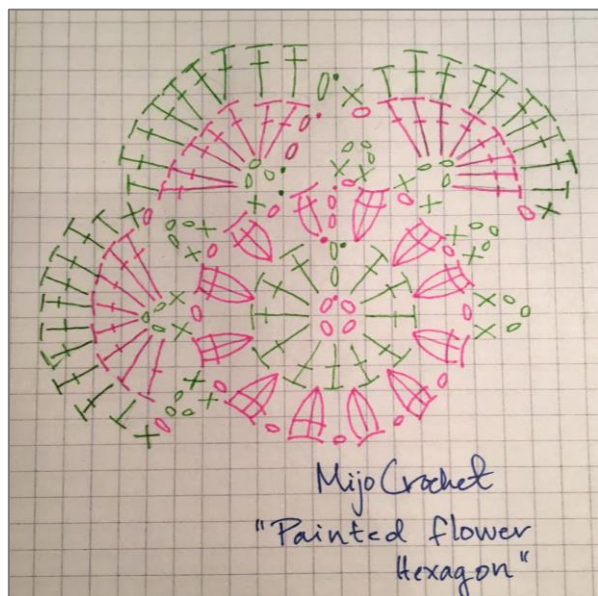

Design by Johanna Lindahl / MijoCrochet

After the charts are pictures for each row. Start with making the flower, chart 1.

Outer sl st row:

Now you will make the frame that gives the hexagon its shape:

You are now going to make the **half treble** stitch which is in size between the double crochet and a treble. On my [Facebook](#) side you can find two videos that shows how to make the half treble stitch and 3 half trebles together.

I spend a lot of time and love in creating and writing down my patterns, so please, if you use my patterns and post pictures in social medias link or refer to my blog mijocrochet.se and use #mijocrochet
