

No Wool Left Behind

Design by Johanna Lindahl / Mijo Crochet

This pattern is for personal use only.

When I made this blanket I used small amounts of Sheepjes Colour Crafter that was left over when making other projects. The pattern is simple and is made of half trebles worked in a spiral. You crochet until the blanket has the size you want or until you simply run out of yarn.

Materials:

Hook: 7 mm.

Markers: 8 pcs.

Yarn:

Scheepjes Colour Crafter 100% Premium Acrylic 100g.

You need approx. 500 grams (5 skeins) to make a blanket that is 85 cm in diameter.

Colours:

I used several different colours that had been left over from other projects and let them blend successively. You do this by crocheting with three strands at the same time and then changing one colour/strand at a time. Start with the colours you have a small amount of since the innermost rows are much shorter than the outer ones.

If you want a single coloured or heathered blanket, use the same colours throughout the pattern.

Tips:

- This pattern is worked in a spiral.
- Stitches between () are repeated as many times as indicated after the parenthesis.
- Stitches between | | shows how many stitches you should have after completing the row.
